FOR IMMEDIATE RELEASE

December 20, 2017

## Press Release

The new Sabre 45 Salon Express is scheduled to appear at the Seattle Boat Show for the first time in January of 2018.

Sabre's latest design features all the comforts and conveniences that owners have come to expect, and a lot more. The Sabre Design Team has set a new standard with the inclusion of a game-changing utility space located between the engine room and the guest stateroom, below the main salon sole. By utilizing this space for optional utilities like washer & dryer, extra fridge or freezer, or wine chiller the remaining storage and galley space in the living areas of the 45 are retained for their original purposes. This means Sabre's cruising clientele need not compromise between comfort and efficiency.

The Sabre 45 features two private staterooms, each with their own head and shower stall. Her mid-level galley is tucked three steps down from the main salon yet is still open to the light from the large overhead windshield, and the guests and crew gathered in the comfort of the main salon. Her cockpit is an inviting social space where the crew can gather at the end of the day to enjoy meals and refreshments al-fresco

At sea trial, the Sabre 45 provided a top end speed of 32 knots and a cruise speed of 27.6 knots consuming 34.5 US Gallons per hour.

Sabre has been crafting yachts "In the Maine Tradition" since 1970. Today more than 350 associates work at all aspects of the boat building process in yards in Raymond, and Rockland, Maine.

Experience the Sabre 45 Salon Express at the 2018 Seattle Boat Show, Booth: West 41, Bell Harbor A 14.
